

Smile Consultation

Breckenridge Family Dental

We are excited to help you along your smile rejuvenation. Before the consultation, please answer these questions as it will help Dr. Tom Rowe get to know you, your wants and desires and ultimately guide him towards the best outcome for you!

What changes do you want with the color, shape, and position of your teeth?

Are your gums in optimal health and gum position?

Do you have headaches, jaw pain, jaw popping/clicking?

Have you broken teeth or crowns in the past?

Do you have a picture of you or someone else's smile you would like to have? (If so, please bring those)

What are you wanting to change about your smile?
